Dalí Jewelry by Joidart: Jewelry inspired by his surrealist art

At Joidart, our connection with the world of art brings us closer to the ingenuity and vision of that icon of surrealism, Salvador Dalí, one of the great artists who spoke for the art of our land and as much in love as we are with the Mediterranean and the Costa Brava. Through his imaginary, his work and his bohemia, we have given life to our new collection-tribute: Dalí Jewelry.

With a clean and captivated gaze, we have settled between Figueres and Portlligat, that hidden corner of the Catalan coast that breathes pure Mediterranean and that Dalí was so obsessed with. We have soaked up the essence of the painter, enjoyed his works once again and let our imagination run away with us, without fear and without holding back, so that each of the pieces in this collection gives a worthy continuity to his legacy and is a real luxury for those who, like us, were captivated by his ingenuity.

Let yourself be intoxicated by the art and surrealism of Salvador Dalí through this collection of Joidart jewelry.
